CONTENTS

SCIENCE

DEVELOPMENT OF COMPUTATIONAL TECHNIQUES TO SOLVE PROBLEMS EXTERNAL AND INTERNAL BALLISTICS

INFLUENCE OF CONNECTIONS BETWEEN THREE-PHASE CABLE CONDUCTORS ON THE QUALITY OF ELECTRICAL ENERGY
Prof. Dr. Maevsky D., PhD Maevskaya E., PhD Student Semenyg A. ........................................................................... 7

AUGMENTED REALITY AND CYBER CHALLENGES EXPLORATION
Assoc. Prof. Zlatogor Minchev PhD, Assoc. Prof. Luben Boyanov PhD ................................................................. 11

EXPERIMENTAL INVESTIGATION OF RADIO PERFORMANCE IN WIRELESS ACCESS NETWORK
Assist. Prof. T.N. Georgieva, PhD. ..................................................................................................................................................... 14

DESIGN OF CONTROL SYSTEM WITH INCREASED POTENTIAL OF ROBUST STABILITY FOR NONLINEAR OBJECT USING LYAPUNOV FUNCTION
Prof. Dr. Beisenbi M.A., PhD stud. Shukirova A.K. .......................................................................................................................... 17

JUMP MATH AND THE RISK MANAGEMENT OF EDUCATION
Assistant Prof. M.Eng. Tomov L. PhD ......................................................................................................................................... 21

BUSINESS

EXPLOITATION RESULTS OF MANAGEMENT INFORMATION SYSTEM FOR MEDICAL PERSONNEL IN THE MILITARY MEDICAL ACADEMY, SOFIA, BULGARIA
assist.prof.Polina Mihova, PhD, Galina Bocheva ..................................................................................................................... 24

THE IDEA OF THE TECHNICAL PROGRESS AND THE POLITICAL ECONOMISTS (18TH AND 19TH CENTURY)
Margarita Stoynova Borisova, PhD ........................................................................................................................................... 27

THE DEVELOPMENT OF THE TELECOMMUNICATIONS MARKET IN BULGARIA
Assoc. Prof. Pasarelski R., M.Sc. eng. Teodora Pasarelska ....................................................................................................... 31

SOCIETY

LEGAL FRAMEWORK FOR THE PROTECTION OF CBRN AGENTS IN BOSNIA AND HERZEGOVINA
Nebojša Bojanić, PhD, Associate Professor, Muamer Kavazović, Phd, Professor Assistance, Marija Lučić – Ćatić, PhD, Professor assistance, Dina Bajraktarević – Pajević, PhD, Professor assistance .......................................................................................................................... 33

EXAMPLE OF SECURITY MANAGEMENT SYSTEM OF THE ORGANIZATION – COMPONENTS AND CONCEPTS
Dr. Eng. Dimitrov D.L., Dr. Eng. Panevski V.S., Nikolov G.M. .............................................................................................. 37

STUDY OF SOCIAL TRUST AMONG THE STUDENTS OF HIGHER EDUCATION INSTITUTIONS
Olena Lashko, Olena Velychko ................................................................................................................................................... 41

ETHNICITY, RELIGION, NATIONAL IDENTITY
Assoc. Prof. Veselin Bosakov .................................................................................................................................................. 43

PEOPLE USE EMBODIED REPRESENTATIONS NEVERTHLESS THEY MAY USE DIFFERENT STRATEGIES IN PROBLEM SOLVING
Desislava Ivanova, Georgi Petkov, PhD .............................................................................................................................. 46
